	Welding & Machining (Taylorsville & Granger)
Transportation, Distribution & Logistics	Auto Mechanics (Full auto collision @ Granger)
	Aviation

COLEGIO - UNA NUEVA DEFINICION

¿QUÉ ES LA UNIVERSIDAD?

Hoy en día, la universidad se define como 1, 2, 4 o más años de educación y/o capacitación para una carrera después de la escuela secundaria.

La universidad es el lugar donde los estudiantes pueden trabajar para obtener certificados y diplomas de educación profesional y técnica, aprendizajes, títulos universitarios de dos y cuatro años y títulos profesionales.

Una educación universitaria es una puerta de entrada a oportunidades para toda la vida y conduce a habilidades de alto nivel y empleos bien remunerados. ¡Deja de lado cualquier duda que puedas tener sobre ir a la universidad, puedes hacerlo!

EDUCACIÓN PAGA

Las 5 razones principales para ir a la universidad

01 UN TRABAJO MEJOR REMUNERADO

En promedio, los graduados universitarios ganan hasta un 65 % más que los graduados de la escuela secundaria. La mayoría de los estudiantes quieren el trabajo mejor remunerado que puedan conseguir.

02 UN FUTURO MÁS SEGURO

Las estadísticas muestran que las personas con mayores niveles de educación y capacitación avanzada tienden a tener mayor seguridad laboral y mantenerse por delante de las curvas de desempleo.

03 RESPETO

Ir a la universidad y obtener un certificado, un diploma o un título te ayudará a sentirte mejor contigo mismo y te ayudará a ganar más responsabilidad y obtener ascensos en el trabajo.

04 MÁS OPCIONES

La mayoría de los empleos actuales requieren una formación especializada que solo se puede obtener en la universidad. Eso significa que necesitarás 1, 2, 4 o más años de educación y formación después de la escuela secundaria para estar preparado para los empleos del futuro.

05 ¡SÉ EL PRIMERO!

¿Tiene dudas porque nadie en su familia ha asistido a la universidad?
¡Comience una tradición! La educación y la formación en la universidad pueden tener un impacto positivo en usted y en toda su familia.

Earnings and unemployment rates by educational attainment, 2022

FECHAS DEL EXAMEN ACT

2024|2025

Regístrate en

act.org

Test Dates	Regular Registration Deadline	Late Registration Deadline	Photo Upload and Standby Deadline
September 14, 2024	August 9	August 25	September 6
October 26, 2024	September 20	October 7	October 18
December 14, 2024	November 8	November 22	December 6
February 8, 2025	January 3	January 20	January 31
April 5, 2025	February 28	March 16	March 28
June 14, 2025	May 9	May 26	June 6
July 12, 2025*	June 6	June 20	July 4

PREPARACIÓN PARA EL EXAMEN ACT

SHMOOP ACCOUNT:

- 1 Go to solutions.shmoop.com/utah
- 2 Scroll to select your school from the alphabetized list
- 3 **Sign In** or click **Create Student Account** to get started
- 4 Enter student Magic Word: **TOPAZ**
- 5 Join a class or just get started!

Otras pruebas a considerar:

SAT: visita collegeboard.org

- **Accuplacer:** Algunas universidades pueden pedirle que realice esta prueba para ubicarlo en las clases adecuadas. Para obtener información y prepararse, visite: <https://accuplacer.collegeboard.org>

NOCHE DE FAFSA: Centro de medios para estudiantes y padres. ¡Se ofrecerá cena en Taco Truck!

LISTA DE VERIFICACIÓN PARA PERSONAS MAYORES

12TH GRADE ✓

For more information, visit ktsutah.org/resources

Stay focused.

- Check in with your counselor and/or college access adviser about your plan for college and career readiness.
- Ask for letters of recommendation. Some colleges (and scholarships) require one or more letters of recommendation. Connect with teachers and counselors early in the fall of your senior year.
- Stay on track to complete a certificate program at your local technical college either before high school graduation or the summer after. Remember these programs are tuition free to high school students.

Apply to college in the fall.

- Apply to colleges during the fall of your senior year. Participate in Utah College Application Week at your school. Ask your counselor for more information.
- Apply to more than one college so you can compare the colleges' financial aid offers as well as their class size, location, programs, and more. For help comparing colleges, see the Facts at a Glance at ktsutah.org.
- Check with the colleges you're applying to and see what ACT scores you should be aiming for. Some colleges are test optional. If you want to improve your score, study, study, study, and retake the ACT the fall of your senior year. Check college admissions deadlines to make sure your new ACT scores will be ready in time.
- If you haven't already, create a Keys to Success login at ktsutah.org to explore your two year, four year and technical college options.

Fill out your FAFSA.

- Complete your Free Application for Federal Student Aid (FAFSA) as early as October at studentaid.gov.
*** Even if you don't think you will qualify for federal grants, you should still fill out the FAFSA. The State of Utah and many colleges require it for scholarships and other aid. ***
- Get help completing your FAFSA by attending a FAFSA Completion Open House during the school year. Check with your counselor to find an event at your school or nearby.
- If you are a student with undocumented citizenship status, see what scholarship options might be available for you at educate-utah.org and review the qualifications for in-state tuition through the HB 144 affidavit on pg. 38.

Continue applying for scholarships.

- Research what scholarships are offered by the colleges you've applied to and check deadlines.
- Learn about scholarships offered by the State of Utah on ktsutah.org.
- Apply for as many scholarships as you can during your senior year. Use the resources at ktsutah.org to help you find scholarships.

Check on campus resources and services.

- If you have an IEP/504 or a disability that will need accommodation, start making arrangements now by contacting colleges' disabilities resource centers.
- Visit with college multicultural and diversity centers to learn about scholarships, tutoring, events, and more.

Narrow it down.

- Visit the websites or call any colleges you've been accepted to and ask about their first-year experience programs and summer bridge programs.
- Send in your final high school transcripts to your college once you graduate.
- Be sure to accept any financial aid you might have received. Talk with your college's financial aid office to make sure you're good to go.

Be proud. Celebrate!

- Participate in your school's College Decision Day activities to celebrate your accomplishments. Ask your counselor for more information.

Take math during your senior year.

- Be sure to take the right math for your future career. Use the guide on pg. 9 to help you figure out which math class is right for you.

Gracias por reunirse
conmigo.

Por favor comparta esto con sus
padres/tutores si no pudieron asistir.
